# ABOUT US

Welcome to Innovious, where education transcends traditional boundaries and embraces innovation through activity-based learning and experiential tutorials. At Innovious, we believe that education is not merely about imparting information but fostering a dynamic environment where knowledge is actively constructed, curiosity is ignited, and students are empowered to become lifelong learners.

In an era where rote memorization often takes precedence over critical thinking, Innovious stands as a beacon of progressive education. Our coaching classes are meticulously designed to engage students in hands-on activities, simulations, and real-world experiences, thereby bridging the gap between theoretical knowledge and practical application.

We understand that every student is unique, with distinct learning styles and preferences. That's why our approach emphasizes personalized instruction, catering to the individual needs and pace of each learner. Through interactive sessions and collaborative projects, we cultivate an enriching educational journey that fosters creativity, problem-solving skills, and a deep understanding of the subject matter.

At Innovious, our team of experienced educators is dedicated to nurturing not just academic excellence but also holistic development. Beyond textbooks and exams, we strive to instill values of critical thinking, resilience, and adaptability, preparing students to thrive in an ever-evolving world.

Join us at Innovious, where learning is not confined to the classroom but extends into the realms of exploration, discovery, and endless possibilities. Together, let's embark on a transformative educational voyage that transcends boundaries and unlocks the full potential within each student.

Spark: Grade 6 to 8

Champ: Grade 9 to 12

# METHODOLOGY

At Innovious, our methodology is not static but continuously evolving to meet the changing needs of students and the demands of the 21st century. We remain committed to innovation, research, and collaboration, striving to cultivate a learning environment that empowers students to thrive academically, intellectually, and personally.

Our teaching methodology incorporates activity-based learning and group discussions to keep students engaged and motivated. We encourage group activities, discussions on key topics, and problem-solving sessions that promote collaborative learning. This approach helps students deepen their understanding of subjects and improves their communication and analytical skills.

# ASSESSMENTS

We view assessments as an integral part of the learning process, serving not only to measure academic progress but also to guide instruction, provide feedback, and promote growth mindset. Our approach to assessments is holistic, encompassing a diverse range of methods that go beyond traditional exams to assess students' knowledge, skills, and competencies comprehensively.

Assessments at Innovious are designed to be purposeful, inclusive, and supportive of student learning. By embracing a variety of assessment methods, providing timely feedback, and promoting self-reflection, we strive to create a balanced and equitable assessment system that fosters academic excellence, promotes growth mindset, and prepares students to thrive in an ever-changing world.

# DEVELOPMENT

We are committed not only to academic excellence but also to the holistic development of our students, nurturing their intellectual curiosity, critical thinking abilities, and diverse intelligences. We recognize that education goes beyond mere knowledge acquisition; it encompasses the development of essential skills, competencies, and character traits that are vital for success in life.

One of the key pillars of development at Innovious is the cultivation of critical reasoning skills. We believe that the ability to analyze information, evaluate arguments, and think logically is fundamental to academic success and personal growth. Through our curriculum and teaching methodologies, we provide students with opportunities to engage in rigorous intellectual inquiry, solve complex problems, and make informed decisions.

## ● THE KEY

- i FAB Weeks
- ii P.E.P:  
Personality Enhancement  
Programme
